

2011 CALA COTTAGE WATCH SURVEY

JUNE 2011

Cottage Watch Continued!

During the 2010/2011 winter months there was an occurrence of a cottage break-in on our lake system. This concern was discussed in detail at our May 2011 executive meeting and a consensus was reached to poll the members of CALA to determine if there was sufficient interest by the membership to contract a service that would periodically visit cottages during the off season/winter months for surveillance purposes. There would be a cost involved to provide a service of this type and we are hopeful that there is sufficient interest within the membership to keep individual costs to a minimum. If you have an interest in being included in such a service, please respond to Ron Sullivan by email (RonAndJean@bigfoot.com) stating your interest along with:

- Your expectations of this type of service relative to visit frequency or any other details
- The monetary cost that you would support for this type of service

The results of this survey will be presented at the Annual General Meeting on July 31, 2011 at the Temagami Municipal Building in the Theatre.

Sincerely,

Ron Sullivan
President
Cassels and Adjoining Lakes Association (CALA)
