

## **9.0 THE SELECTED OPTIONS**

### **9.1 Introduction**

After the third phase of public consultation on the options and preliminary preferred options, the comments received from the public were considered and the options re-visited. The comments were presented to the Planning Team, PAC and Steering Committee for consideration. The selected options were then decided upon. This chapter presents the chart showing only the selected options for each objective with the rationale behind the decisions.

## **9.2    Selected Options - Table of Contents:**

<b><u>Facility</u></b>	<b><u>Page</u></b>
